

## Activity 05: Model Implementation with Predict

In this activity, you will work with your team to train a simple model and prepare it for use in Azure Synapse Analytics T-SQL queries.

### Team Challenge

WWI wants you to show them how automated machine learning might help them accelerate the model training effort.

1. Open the Develop hub.
2. Select Notebooks and open `Activity 05 - Model training.ipynb`.
3. Follow the instructions within the notebook.
